

A Million Thanks...

This Advent season our parish will participate in a project to send Holiday greetings and letters of thanks and encouragement to those serving in the armed forces. We are asking everyone to write creative, uplifting and positive letters and notes and place them in the boxes at the rear and side of the church. We will send them in mass to the organization amillionthanks.org who will distribute them.

All are encouraged to write multiple letters and to include your return address if you would like to possibly hear back. Letters should not be sealed as they will be inspected before distribution.
